CENTER

The Chaperon project offers free research consultations

**In need of consulting a manuscript?  
Not sure about your experimental design?  
Need a second opinion on your research?  
Feel stuck with referee comments?**

Our experienced mentors  
Prof. Kari Hemminki and Dr. Khaled Ismail  
are here to help. The Chaperon project offers free research  
consultation service as a part of its ERA Research Club.

It's easy, just get in touch with the project staff via  
[chaperon@lfp.cuni.cz](mailto:chaperon@lfp.cuni.cz)  
and we'll link you with our mentors or find you another  
one from your research field.

chaperon

The service is part of a project that has received funding from the European Union's  
Horizon 2020 research and innovation programme under grant agreement N°856620.
